[GitHub](#) | [Portfolio](#) | [LinkedIn](#)

Passionate software developer with a knack for combining technical know-how and creative elements to design user-friendly applications. Highly motivated and solution-driven, excelling in collaborative work environments with the ambition to solve various problems efficiently. A firm believer that education should never stop, and knowledge should continuously expand by keeping abreast of the evolving trends, techniques, and technologies to streamline efficiency. Earned a Certificate of Completion in Full-Stack Web Development at the University of Denver with the skills necessary to design, create and bring concepts to life.

Technical Skills

- Front-end Development (HTML5, CSS3, JavaScript ES6, React, Handlebars, Bootstrap).
- Back-end Development (Node.js, Express, Firebase, MySQL, MongoDB, NPM).
- Internet and tech savvy with effective communication.

Applications

MuziqueHub (Web App) [Github](#) | [Demo](#)

- MERN stack application utilizing Passport JS authentication.
- Search any musician to receive relevant data. (e.g. record label, biography, videos, OR search upcoming concert information)
- Handled API requests, user authentication, and database management.

React-Click-Game (Web App) [Github](#) | [Demo](#)

- Web-based memory challenge game built with ReactJS.
- Deployment utilizing Github's static site hosting service, GH-Pages.

Professional Experience

Driver - Lyft / Uber

Nov 2017 – Present
